EDUCATION

The University of Texas at Dallas

Expected May 2027

B.S. Computer Science — Cybersecurity Focus · Richardson, TX

Relevant Coursework: Data Structures & Algorithms · Computer Architecture · Software Engineering

Certification: CompTIA Security+ (in progress — expected July 2026)

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, HTML5, CSS3, SQL

Frameworks & Libraries: React, Node.js

Tools & Platforms: Git, Linux, Figma, VS Code

Concepts: REST APIs, OOP, Agile/Scrum, UI/UX Design, Network Security (in progress)

PROJECTS

Personal Website · Personal Project

March 2026

- ▶ Engineered a fully responsive personal portfolio from scratch using React, JavaScript, and CSS live at Frabina.com
- ▶ Implemented custom CSS animations and interactive UI transitions to create a polished experience
- ▶ Deployed site to production via Vercel with a custom domain name, configured Ci/CD to auto deploy

MeteorMate – Roommate Finder Platform · ACM Development @ UTD

Jan 2025 – Present

- ▶ Led end-to-end UX design for a student-facing platform, delivering over 50 wireframes and high-fidelity prototypes that establish full interaction pattern
- ▶ Created a cohesive design system with reusable components and color tokens in Figma reducing ambiguity
- ▶ Iterated through over 10 rounds of design reviews incorporating developer and stakeholder feedback

EXPERIENCE

After School CS Instructor · Wize Academy

Aug 2025 – Present

- ▶ Designed and taught programming and robotics curriculum to 30+ middle school students across 4 cohorts, achieving a 90%+ concept retention rate tracked via weekly assessments
- ▶ Produced 10+ hands-on coding and robotics projects that raised student engagement survey scores by 35% semester-over-semester
- ▶ Streamlined lesson prep time by 25% by building a reusable library of modular activity templates adopted by 3 other instructors

CS & Test Prep Tutor · Grade Potential Tutoring

Aug 2024 – Present

- ▶ Delivered 150+ tutoring sessions across Python, C++, SAT/ACT Prep, and college-level CS to 20+ students over 18 months, maintaining a 5-star client rating
- ▶ Raised average student assessment scores by 25% through individualized, project-based learning plans benchmarked against course syllabi
- ▶ Reduced student misconception rates in key CS topics (recursion, pointers, OOP) by designing targeted visual explainers and debugging exercises

CAMPUS INVOLVEMENT

Google Developer Student Club @ UTD - Director of Marketing & Events

Aug 2024 – Present

ACM Development @ UTD - Design Lead & Front-End Developer

Aug 2024 – Present
